Sponsorship Opportunities

Your sponsorship saves pets and supports families.

Thanks to supporters like you, SniffAZ has raised nearly \$400,000, which funded over **6,000 life-saving spay/neuter surgeries** in Arizona communities. This year, with your help, we will support families and *save even more* dogs and cats in our community!

We are grateful for the businesses and individuals who support us and make SNIFF a success year after year! From media, print and in-event recognition, to ongoing acknowledgment on our webpage and social media, we will celebrate those sponsors who give back to our community. Read on to find out how partnering with SniffAZ and The Arizona Pet Project will not only make an impact on pets (and their people), while shining a spotlight on our heroes – you!
